Classes marked in yellow are core courses

∞ Classes marked with an infinity symbol " ∞ " means 2nd year only

The MQF program strictly adheres to the following calendar for add/drop and withdrawal penalty periods. Please plan accordingly. Academic Calendar: <http://www.business.rutgers.edu/mba/students/calendars>

1. Econometrics, System Simulation (NJIT course), and Financial Time Series are substitutable core courses. If a student takes one of them as a core course, the student can take another one or two as electives.

2. Financial Institutions and Markets, and Risk Management (offered in the Fall) are substitutable core courses. If a student takes one of them as a core course, the student can take the other as an elective.

3. Fin. Statement Analysis & Decoding of Corp. Financial Statements are equivalent courses. One can take either one as an elective course but not both.

4. To register for System Simulation (at NJIT), please fill out the form and follow instructions here: <http://registrar.newark.rutgers.edu/files/njit-crossregform-2012a.pdf>

5. Tpc: Applied Portfolio Mgt requires an application. Contact Prof. Longo at longojo@gmail.com. He will interview students and make a selection.

6. Regarding the course registration and SPN request contact information, please see below for more detail.

1. For regular 839 courses, you need to register online by yourself.

2. For any RBS Courses but not 839 courses, you need to contact the personals below for the SPN:

For 26:xxx:xxx:xx courses, please contact: Monique DeSilva, 973-353-5371, desilva@business.rutgers.edu

For any MBA classes (eg: 22:390:xxx:30/40/60): please send your SPN requests to Thomas Hill only: thill@business.rutgers.edu

3. For all Non RBS Courses, please send your SPN requests to Thomas Hill only: thill@business.rutgers.edu, DO NOT send individual request to department administrators or professors. See below examples:

---For FSRM courses in the Statistics Department in NB, send request with current transcript to Thomas Hill only.

---For Credit Risk Modeling course, do not recommend for students, it is terribly difficult. It will take time to evaluate the transcripts by Mathematical Finance Master's Program before getting the SPN. Please contact Thomas Hill ONLY if you need help.

---For Fin. Statement Analysis & Decoding of Corp. Financial Statements one must show a background in accounting. Number of MQF students allowed in the class is up to the discretion of the professor teaching.

7. Unless stated to be in New Brunswick (NB), all classes are in Newark.

8. To view your term bill and payment due dates log on to your account here:

<https://finservices.rutgers.edu/otb/>

You may visit The Office of Student Accounting, Billing and Cashiering for more information here:
