Supply Chain elective*	3	
Supply Chain elective*	3	
Supply Chain elective*	3	
Credit Total	24	

**please refer to the department website for a list of approved major electives*

Supply Chain Major Special Notes

- If you major in Accounting as your first, second or third major, you are required to take 33:010:458 Accounting Information System and 33:140:320 Business Law I. You will not earn credit for taking 33:136:370 Management Information System. You can earn credit towards graduation if you take 33:522:334 Business Ethics but it will not fulfill a major requirement.
- Students with more than one Business School major may only double count **one** RBS course between those majors.
- Students may only take **one** experiential learning course towards their SCM required courses from among these three categories: Industry Client Projects, Internship in Supply Chain Management, and Co-op in Supply Chain Management. Co-op in Supply Chain Management and Internship in Supply Chain Management for SCM required credits are by application only through the Supply Chain department. If you choose to take Co-op in Supply Chain as your **one** SCM required course you will also be registered for both 799:421 (SCM Co-op) and 011:482 (Special Topics in Admin Studies) with 011:482 counting for general elective credit only. SCM students are limited to one experiential learning experience. After your **one** course allowed for SCM required credit, you must apply through to the Office of Career Management and you will be registered for general elective credit only.
- Beginning in the Fall 2023 semester, there will be an update to the Business Forum (33:011:300) course requirement. **If you have already taken Business Forum (33:011:300), and passed the course with a C or better, you will not need to complete, 33:011:301, 302, and 303.** If you anticipate graduating in January 2024, May 2024, or August 2024, you should plan to take the current one-semester, 2-credit version of Business Forum in either Fall 2023 or Spring 2024. If you enter RBS in the fall 2023 semester you will need to take the new three course sequence (**33:011:301, 302, and 303**). Students will not be able to take both the current version of Business Forum and one or more of the new courses and receive credit for both courses. If you have taken Business Forum, you should NOT take any of the new course offerings.
