

Sample Course Schedule for Accounting Majors Attending RBS for 120/150 credits: 4 Year Track

	<u>Fall Semester</u>	<u>Spring Semester</u>
<u>Freshman Year</u>	No accounting classes	Financial accounting
<u>Sophomore Year</u>	Managerial accounting and Intermediate I	Cost accounting and Intermediate II
<u>Junior Year</u>	Advanced accounting and Auditing	Federal Tax I and Business law or AIS
<u>Senior Year</u>	Federal Tax II and Business law or AIS	Audit Analytics and Advanced Accounting II (as an elective)

This is based on a student taking all required accounting courses within a **4 year period**. We further recommend that :

- 1.) Students be prohibited from taking more than 18 credits in any semester
- 2.) It is recommended that students do not take Federal Tax and Advanced accounting in the same semester
- 3.) It is recommended that advisors meet with accounting majors at least annually to review their schedule.

Needless to say each of the 12 required courses in the major must be made available each semester to accommodate students who don't follow this exact order or start as accounting majors at the beginning of their college career.
